

30th March 2020

Dear Parents/carers

We wish you and your families well during these difficult times.

Home-schooling provision:

Up until the Easter holidays the children received a work pack and were signposted to the school's websites for online learning apps that were considered appropriate.

The Easter holidays are to be a non-school work time but please continue with the online learning apps as and when required.

The first week back (after Easter) please look at the school website following the route of:

Home >Parents > Home schooling > Year3/4/5/6

On these pages there will be PDF, Word, PowerPoint documents covering the summer term topics and curriculum objectives. When we have tested the website, we have been able to view these on tablets, phones and computers.

Yours sincerely

Mrs H Phillips

Executive Principal
